DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 11, 13 & 14 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Applicant has pointed out where there is supposed basis for the amendment to claim 11. However, the Examiner does not agree with all of the statements made by applicant concerning basis of the claim amendment. Specifically, in the second full paragraph on page 8 of the response, applicant states that "A" corresponds to $\text{Core-R}_n\text{-L}_n$ and thus it is correct to say that n is equal to the valence of Core. This statement is unclear and the specification paragraph 0009 does not necessarily support the statement. Further clarification and/or cancellation of the newly added limitation is required.

Allowable Subject Matter

3. Claims 2 and 6-10 are allowed.

Response to Arguments

4. Applicant's arguments filed 2/28/2005 have been fully considered but they are not persuasive. The Examiner's response to applicant's arguments is discussed above.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
